

INTERDEPARTMENTAL

The Graduate School, Office of the Dean AD-30

September 19, 1974

TO: Computer Science Group

Assistant Professor J.L. Baer, Computer Science
Associate Professor J.G. Cramer, Physics and Computer Science
Professor D.B. Dekker, Mathematics and Computer Science
Assistant Professor G.E. Diehr, Business Administration and Computer Science
Mr. R.G. Gillespie, Lecturer, Computer Science and Director, Computer Center
Professor H. Golde, Electrical Engineering and Computer Science
Professor A.A. Goldstein, Mathematics and Computer Science
Assistant Professor R.G. Herriot, Computer Science
Associate Professor A.D.C. Holden, Electrical Engineering and Computer Science
Professor E.B. Hunt, Psychology and Computer Science
Professor D.L. Johnson, Electrical Engineering and Computer Science
Associate Professor T.H. Kehl, Physiology and Biophysics and Computer Science
Professor V. Klee, Mathematics and Computer Science
Associate Professor R.A. Kronmal, Biostatistics and Computer Science
Assistant Professor R.E. Ladner, Computer Science
Professor L.J. Lewis, Electrical Engineering and Computer Science
Professor J.D. Noe, Computer Science and Electrical Engineering
Professor R. Pyke, Mathematics and Computer Science
Associate Professor R.W. Ritchie, Computer Science
Associate Professor T. Rockafellar, Mathematics and Computer Science
Associate Professor A.C. Shaw, Computer Science
Research Assistant Professor J.S. Sobolewski, Medicine and Computer Science

Dear Colleagues:

Warmest congratulations to all of you now that the Regents have acted to establish a Department of Computer Science. You should be proud of the development which has taken place in the Computer Science Group beginning with the initiation of the proposal to offer a graduate program in Computer Science which came to the Graduate School Office in July 1966, and to the authorization of the graduate programs by the Regents in March, 1967.

Over this 8-year period the University has awarded 19 Ph.D. degrees and 50 M.S. degrees in Computer Science and the program has shown great strength as well as, I feel certain, a high rating of quality throughout the United States.

This letter will serve to record the transfer of the authority to offer the degrees of Master of Science ~~in Computer Science~~ and Doctor of Philosophy ~~in Computer Science~~ from the faculty in the Computer Science Group to the faculty in the Department of Computer Science, which will operate under the auspices of the College of Engineering and the College of Arts and Sciences.

Group
established
1967

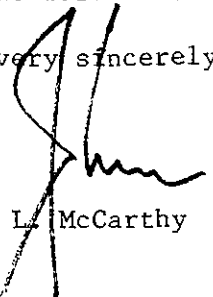

Dept.
established
1974

This letter will also dissolve officially the Computer Science Group with sincere thanks to the members of the faculty who have so ably served in that Group.

Please let us know at any time this Office may be of assistance in connection with the work of the Department of Computer Science.

Yours very sincerely,

Joseph L. McCarthy
Dean
